KWGC NEWS

NOVEMBER/DECEMBER Volume 2,

GARDENING  
BY GEORGE

“It’s beginning to look a lot like Christmas....” The temperature is cooler. The Christmas trees are decorated and the Gift Center sparkles with holiday fun.

Blaze and I enjoy being outdoors a lot this time of year. We play tag running around the Encore azalea trees and underneath the pansies and snapdragon displays.

Inside we search for new areas to keep warm when the winter chill sets in. The re-modeled gift area is certainly cozy and when no one is looking we play (gently) with the beautiful angel chimes. The Garden Flags are fun and the new holiday scents smell so good.

Toni has been busy making autumn and holiday wreaths and displaying them on the new plank walls. I bet one would look pretty in your home.

It’s a fun time of year for Blaze and me. We take lots of catnaps and dream of catnip in our Christmas stockings. We hope you are taking time to enjoy this festive season and we hope you stop by and see us.

### POINSETTIAS

Scheduled to arrive November 20. We have ordered a variety of blooms and baskets in spectacular colors to compliment your holiday décor.

### NARCISSUS

Paper white narcissus in beautiful glass vases make a perfect hostess gift.

### AMARYLLIS KIT

In Decorative Fall bags-grandkids love to watch these grow.

### WREATHS

Autumn and Christmas Wreaths in Silks and Naturals are warm and inviting, welcoming friends and family.

# NOW IS THE TIME TO.....SEASONAL CALENDAR

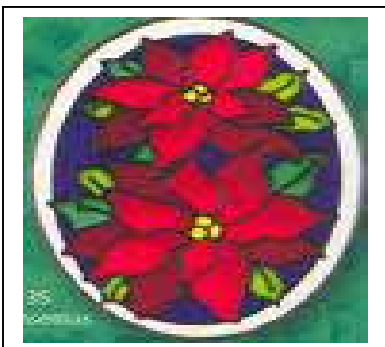

## NOVEMBER

- Refrigerate tulip and hyacinth bulbs for six to eight weeks.
- Plant hyacinths around Thanksgiving and tulips from New Years through the middle of February.
- Plant wildflower seeds for spring show.
- Feed roses lightly and continue spray program to prevent black spot and to kill any insects.
- Prune fruit trees. Remove dead and crowded limbs. Prune tips of main branches to maintain size and shape.
- Mulch for winter. A thick layer of mulch will protect roots from freezing and drying out.
- Plant trees, fruit trees and all types of shrubs.
- Be prepared for early freezes. Tender plants can be protected by covering with "N-sulate". Plastic film works but can damage foliage. For more protection, an electric light or string lights can be placed under the sheeting.
- Pinch off tops of snapdragons, stock and calendulas to promote bushy growth.
- Plant daffodils.
- When mums have finished blooming, cut flower stalks to near the ground leaving a few leaves to encourage root growth.
- Plant in November and December: alyssum, bluebonnet, calendula, pansy, petunia, snapdragons, stock, and viola.

## DECEMBER

- Fertilize pansies and other winter flowering plants every three to four weeks.
- Pick pansy blooms to encourage additional blooms.
- Clean up beds and mulch. Mulch rose bushes to help protect their roots from cold damage.
- Prepare new beds for spring planting.
- Add any nutrients they may need before you begin spring planting.
- Prune evergreens. Use trimmings for Christmas decorations.
- To prevent carry over of fungus pathogens in your roses spray with a combination of "Oil Spray" and "Kocide 101."

## **FALL IS FOR PLANTING**

**Cooler temperatures and rainfall encourage root development.**

**ENCORE AZALEA**-Blooms in spring like traditional azaleas but keep flowering through the summer. In September the Encore Azaleas present their most brilliant display of color and bloom until the first frost hits.

We have several varieties in stock. (hint, hint-they are wonderful gift plants).

**CAMELLIAS**-a top choice for winter blooming shrubs. They produce stunning blooms in six flower forms and range in color from pristine white, a plethora of pinks to the deepest red.

**SPRING COLOR**-plant **FOXGLOVES, BLUBONNETS AND CALIFORNIA POPPIES** for a colorful spring garden that will have your neighbors green with envy.

**WINTER SALAD GARDEN** presents a nutritious and colorful salad at your holiday table. We have organic lettuce, arugula, red, buttercrunch, heirloom lettuce and mesclun mix. Add a corresponding herb like rosemary, parsley or thyme and finish the presentation with edible flowers such as nasturtium or viola.

**PRE-LIT CHRISTMAS TREES**-Selection of quality trees from tabletop to 9 feet tall!

- Plants-one of our beautiful plants in a decorative pot or basket is sure to be a hit.
- Garden Décor- a variety of garden art, bird feeders, statuary, rain gauges
- From rustic to whimsy.
- Garden Books-for adults and children.
- Garden Tools, gloves and hats.
- Luxurious soaps, lotions and creams.
- Custom Baskets.
- And much more.....
- **LAST CHANCE TO GET GNOMES OF YOUR FAVORITE FOOTBALL TEAM. (A&M, Texas Tech, UT, LSU and OU).**

**Nick and Donna Muscovalley operated the Wild Birds Unlimited store in Humble for the past seven years. Last month they closed the popular birding store. While we are sad to see them leave we were fortunate to bring some of their stock to Kingwood Garden Center and we will carry a broad variety of birding supplies. We wish Nick and Donna the best and are hopeful that they will visit us in February to offer some birding advice to old and new friends.**

**HAPPY HOLIDAYS AND HAPPY NEW YEAR FROM THE TEAM AT KINGWOOD GARDEN CENTER. WE APPRECIATE YOUR PATRONAGE AND LOOK FORWARD TO AN EXCITING NEW YEAR AT KINGWOOD'S HOME TOWN GARDEN CENTER.**
